PROFILE

Motivated MCA graduate and aspiring Full Stack Developer with strong expertise in React, JavaScript, Python, HTML, CSS, and MySQL. Experienced in building responsive front-end interfaces and functional web applications. Published researcher with a passion for solving real-world problems through technology. Seeking an entry-level Full Stack or Front-End Developer role to contribute and deliver impact.

SKILLS

Programming Languages: Python

Web Technologies: HTML, CSS, JavaScript, ReactJS, Django

Database: MySQL, MongoDB

Tools: GitHub, VS Code, Jupyter Notebook

PROJECTS

Secure Data Transfer Using Image Steganography **2026**

Python — AES Encryption — ReactJS — Node.js — MongoDB

- Developed a secure data transmission system combining AES cryptography and LSB image steganography.
- Implemented AES encryption to protect sensitive data before embedding into images using LSB method.
- Built a full-stack web app with user authentication for secure message encryption and decryption.
- Improved data confidentiality and prevented unauthorized access during internet communication.

Smart Bus Reservation System **2024**

Python — MySQL — SQLite — HTML — CSS — Chart.js

- Developed a web application to manage bus ticket bookings, user data, and seat availability.
- Implemented user authentication, seat tracking, and booking management modules.
- Designed an admin panel to manage buses, routes, and customer records.

Personal Portfolio Website **2024**

HTML — CSS — JavaScript

- Built a responsive personal portfolio showcasing projects, skills, and contact information.
- Designed a modern UI with smooth navigation and mobile-friendly layout.

Bus Ticket Booking System with AI Recommendations **2026**

Python — SQLite — HTML — CSS — Chart.js

- Developed a full-stack bus ticket booking web application with user registration, login, bus search, seat selection, booking, and e-ticket generation.
- Implemented secure authentication with hashed passwords and server-side checks to prevent double booking.
- Built an admin analytics dashboard using Chart.js with AI-based seat recommendation and demand forecasting.

EDUCATION

Master of Computer Applications (MCA) 2024 – 2026
M.A.M Business School, Anna University, Trichy — CGPA: 8.38

Bachelor of Science in Computer Science (B.Sc.) 2021 – 2024
Seethalakshmi Ramaswami College, Bharathidasan University, Trichy — CGPA: 8.16

Diploma in Information Technology 2021 – 2024
Seethalakshmi Ramaswami College, Bharathidasan University, Trichy — Grade: A

PUBLICATION

AI in Agriculture — Research Paper
R. Sivaranjani et al. (2025) — ISBN: 978-93-49449-31-2

CERTIFICATIONS

- **Internship Certificate — Python Full Stack Developer**
  iLife Technologies — 2 January 2026 – 10 April 2026
- **Cybersecurity Analyst Job Simulation — Tata Group via Forage** — April 2026
  Completed tasks in IAM fundamentals, strategy assessment, custom IAM solutions, and platform integration.
- **Communication Skills Training — InsPIRE Program, Aspire For Her (Infosys Foundation)** — December 2024
